**INSPECTION & ACCEPTANCE
TEMPORARY LANE SEPARATOR SYSTEM**

GENERAL

The Temporary Lane Separator System consists of a combination of longitudinal curb units and upright flexible posts. These systems shall meet the requirements of the current DS Temporary Lane Separator System.

ACCEPTANCE

Acceptance of Temporary Lane Separator System will be based on satisfactory evaluation of a preliminary sample furnished to the Iowa Department of Transportation, Office of Materials, Ames, Iowa, and the manufacturer certification statement of specification compliance. A list of approved manufacturers based on preliminary sample evaluation and certification documentation will be developed and maintained by the Office of Materials. This list appears in Appendix A.

CERTIFICATION

The manufacturer shall provide the Project Inspector the following statement of certification:

Certification Statement

This is to certify that (manufacturer name, product number) this Temporary Lane Separator System meets the requirements of the applicable specifications of the Iowa Department of Transportation.

Authorized Signature and Date

A responsible company representative shall sign the certification statement.
