SIGN LOCATION**
Type - 3 Installation

Type 3 installation is intended to show the requirements for a Type 'A' sign when installed in an island or median (where traffic passes on both sides of the sign) as well as for locations where the Type A sign is installed adjacent to a curbed roadway (sign may be located on either side of a roadway as specified in project plans).

See "Summary of Materials for Type 'A' Signs" and the Sign Type and Location Plan Sheets for data regarding specific sign assemblies.

Final location of Signs shall be at the discretion of the Engineer.

All dimensions given in millimeters unless noted.
