

1. This layout is intended to show traffic control requirements for milling and fog-sealing shoulder rumble strips.
2. Vehicles with amber flashing lights should be visible to the vehicle with amber flashing lights ahead and behind them.
3. For fog seal operation, place a 48" x 48" FRESH OIL sign (W21-2) at the beginning of the work area. Place additional FRESH OIL signs after each intersection and periodically through the work area so that signs are no more than 2 miles apart.
4. For milling operation, Work Vehicle #1 is debris removal equipment and Work Vehicle #2 is milling machine.  
For fog seal operation, Work Vehicle #1 is fog seal truck and Work Vehicle #2 is not used.

LEGEND

- ▬ Traffic Sign
- ▨ Truck Mounted Attenuator (TMA)
- ⊛ Amber revolving light or amber strobe light
