

Highway-Railroad Crossing Surface Repair Program

Program Overview
December 9, 2014

2

Topics:

- History
- Legal Basis
- Program Process
- Adjustments for FY 2015 and FY 2016 programs
- Saint Ansgar crossings

3

Surface Repair Program - History:

- Participates in the cost to rebuild highway-railroad grade crossings.
- Funding is provided an annual allocation by Legislation of \$900,000.
- Fund established in 1970s.
- Fund was last increased to current level in 1983.

4

Surface Repair Program – Legal Basis

- Iowa Code 327G.19 Grade Crossing Surface Repair Fund.
- Iowa Administrative Code (IAC) 761-821.
- IAC establishes order as being accepted first come, first served. IAC 821.3(1)(b). “Notification shall be accepted by the department in order of receipt”.

5

Surface Repair Program - Process:

- Application submitted by Highway Authority (City or County) online through website.
- Iowa DOT Rail Inspector works with Highway Authorities and Railroads to determine crossings that need rehabilitation and assists in getting application process started.
- Applications are added to the list.
- Prior to submission for Commission Action, DOT communicates with all Highway Authorities and railroads confirming they will participate. *(This will occur in April is a new step to the process).*
- Submission for Commission Action in October.

6 Surface Repair Program Adjustments:

- FY 2015 Adjustments
- FY 2016 Adjustments
