and Office of Local Systems

**FROM:** Office of Local Systems

**SUBJECT:** Bridge Deck Grade Training

**DATE:** April 1, 2008

The Iowa DOT Office of Construction has some openings in an April 8, 2008 class on determination of bridge deck grades. The class starts at 9:00 AM and lasts for about 5 hours. It will be held in the East Materials Conference Room at the north end of the Materials Lab building. Special directions about accessing the Materials Lab will be furnished when you contact Chris Anderson about attending.

This new course is an advanced training on bridge superstructures and development of bridge deck grades. Course content will provide a review of bridge types, superstructure elements, deck forming methods, and determination of bridge deck grades. Included in the discussion of bridge deck grade determination will be calculation and evaluation of deck grades, deck grade adjustments, and important considerations associated with establishment of final deck grades.

Please contact Chris Anderson at 515-239-1819 or [christie.anderson@dot.iowa.gov](mailto:christie.anderson@dot.iowa.gov) if you wish to attend this course.

**Please do not hit the reply option in your e-mail note.**
