CC: District Local Systems Engineers, Service Bureau,
Shawn Majors and Office of Local Systems

FROM: Office of Local Systems

SUBJECT: City Candidates List

DATE: February 6, 2008

This is the link to the information that was used to select [city candidates](#) for Federal and State bridge funds for Federal fiscal year (FY) 2009. This year we offered Federal and State funding assistance to 14 cities and 10 accepted.

For FY 2009, bridges that had 23 or more priority points qualified for funding. A copy of the point determination worksheet is also included in this information. The points on the priority list were calculated using this worksheet with information from the latest Structural Inventory and Appraisal (SI&A) form.

Next November we will again offer Federal and State funds to qualifying bridge projects. The number of offers will depend on the funds available. If a city wishes to place a bridge on the candidate list, the city should submit a request that includes the Federal Structure Number, street name, feature crossed, and the most recent cost estimate available. Requests are due prior to October 1, 2008. Requests should be sent to Donna.Buchwald@dot.iowa.gov or via letter to the address shown below.

If the city has a bridge on the list and wants it removed because it doesn't qualify, or it is too far down the list, please contact me. Upon request of the city, any bridge removed from the list may be added back on to the list at any time.

Please do not hit the reply option in your e-mail note.

Donna Buchwald

CITY BRIDGE PRIORITY POINT SYSTEM WORKSHEET

FHWA Structure Number: _____ City: _____

Inspection date used: _____ Improvement cost: _____

City Bridge Priority Points will be calculated using the data shown on the Structural Inventory and Appraisal (SI&A) form. If the data on this form does not reflect the most recent inspection, the priority points will not be calculated correctly by the Iowa DOT's computer program.

Priority Points**Sufficiency Rating:**

81 - 100	=	0	35 - 42	=	6
75 - 80	=	1	27 - 34	=	7
67 - 74	=	2	19 - 26	=	8
59 - 66	=	3	11 - 18	=	9
51 - 58	=	4	≤ 10	=	10
43 - 50	=	5			

Sufficiency Rating (_____) = _____

Estimated Average Daily Traffic¹:

0 - 250	=	1	3001 - 4000	=	6
251 - 500	=	2	4001 - 6000	=	7
501 - 1000	=	3	6001 - 8000	=	8
1001 - 2000	=	4	8001 - 10,000	=	9
2001 - 3000	=	5	> 10,000	=	10

Est. ADT (_____) = _____

Bypass, Detour Length (Out-of-distance Travel)²:

< 1 mile	=	0	3 miles	=	8
1 mile	=	4	≥ 4 miles	=	10
2 miles	=	6			

Detour (_____) = _____

Posted Load Limits³:

>12 tons	=	0	7 tons	=	6
12 tons	=	1	6 tons	=	7
11 tons	=	2	5 tons	=	8
10 tons	=	3	4 tons	=	9
9 tons	=	4	≤ 3 tons	=	10
8 tons	=	5	or closed		

Load Limits (_____) = _____

Total Points = _____

Notes:

¹ This category will be scored according to Item 29 on the SI&A form. This number may not be changed by the local agency, unless new count data is submitted and the data collection methods are verified by the Iowa DOT, Office of Transportation Data. The Iowa DOT loans traffic counting equipment to local agencies on an as-available basis. For equipment availability and other questions, please contact Ronald Bunting, Office of Transportation Data, at Ronald.Bunting@dot.iowa.gov or 515-239-1323.

² This category will be scored according to Item 19 on the SI&A form. The total length of detour should not be used, but only the out-of-distance travel required by the detour.

³ This category will be scored according to Item 41 and the Load Limits fields on the SI&A form. Unless Item 41 is coded as "P" (indicating the bridge is currently posted) with the posted Load Limits field(s) completed or "K" (indicating the bridge is currently closed), this category will not be scored correctly.
