SUBJECT: Replacement of the Project Development Information Packet with the Federal-aid Project Development Guide

DATE: February 4, 2008

We are pleased to announce that the Federal-aid Project Development Guide (Guide) is now available.

The Guide, together with the Instructional Memorandums to Local Public Agencies (I.M.s), have replaced the Project Development Information Packet (Packet). However, even though the Packet as a whole is no longer available, we are still in a transition process. Some of the I.M.s referenced by the Guide are not yet complete, and some of those I.M.s will be composed from documents that were part of the Packet. In such cases, references and links will be provided to the appropriate Packet documents, which will remain on-line until they have been replaced by new or revised I.M.s.

To view the Guide and I.M.s or obtain more detailed information about these documents and the transition process, refer to the [Guide and I.M.s web page](#).

If you have any questions, **please do not reply to this e-mail**. Instead, please contact me by phone or by clicking on the e-mail link below.

Sincerely,

M.J. "Charlie" Purcell
