**SUBJECT:** Spring 2008 Seeding Date Extension

**DATE:** May 20, 2008

After reviewing the National Weather Service extended forecast for the state of Iowa the following recommendations were made by the Office of Roadside Development:

Due to hotter and drier conditions west of US Highway 71 the seeding date will end on May 31<sup>st</sup>.

East of US Highway 71 the month of June is predicted to be cooler and wetter than normal so the seeding date in that area of the state has been extended until June 7<sup>th</sup>.

If you have any questions please contact Ole Skaar Jr. in the Office of Roadside Development at 515-239-1425 or John Vu in the Office of Construction at 515-239-1280.
