The following message is being sent on behalf of the Jim Cable. If you have questions, **please do not hit the reply option in your e-mail note.** Contact Jim Cable at 515-292-5042 or Jennifer Tabke at tabke@iastate.edu.

.....

I want to thank each of you for responding to the August 2008 call for information on your needs for bridge inspection training. I regret to say that we did not receive enough names to conduct the 3 day Bridge Inspection Refresher course. I have advised those individuals who need the course in 2009 of the courses in the surrounding states. You may access that list also by searching the web for National Highway Institute and then looking under "attend a course" and the 130 Structures section.

We did receive enough names to hold the five day and 10 day courses. I have ordered from NHI, the 5 day Bridge Inspection Concepts course for February 8-13, 2008 and the 10 day Inspection of In Service Bridges course for April 20-May 1, 2009. A registration brochure will be forthcoming as soon as NHI approves the request.

I thank you for your support of the bridge inspection training over the last 25 years. In the future, your needs for training should be directed to Bruce Brakke, Office of Bridge Maintenance, Iowa DOT.
