**SUBJECT:** BIAS 2000 Notification and Revision #7

**DATE:** February 23, 2009

The BIAS 2000 Notification and Revision # 7 to the October 21, 2008, Bid Item Description English and Metric Booklet is available. The update is effective immediately for projects unless otherwise noted.

This revision lists additional bid items for the new joint SUDAS / Iowa DOT Standard Road Plans which will be effective with the April 21, 2009, letting. Use of the new joint SUDAS / Iowa DOT Standard Road Plans will require a Special Provision until the new Standard Specifications become effective with the October 20, 2009, letting. To develop the required Special Provision contact Daniel Harness, Office of Design, Methods Section, at [Daniel.Harness@dot.iowa.gov](mailto:Daniel.Harness@dot.iowa.gov) or by phone at 515-239-1727.

Due to the enormity of the changes and time limitations, there has been a delay in the development the new bid items. This update includes just a few of the new items that will be required for the new joint SUDAS / Iowa DOT Standard Road Plans and specifications. If you are including any of the new joint SUDAS / Iowa DOT Standard Road Plans and Special Provisions, and a bid item has not been created, contact Sheldon Kardell, Office of Contracts, at [Sheldon.Kardell@dot.iowa.gov](mailto:Sheldon.Kardell@dot.iowa.gov) or by phone at 515-239-1974, to have the appropriate bid item(s) created.
