The attached is a set of conferences that have been designed to reach the local governments regarding the requirements for the ARRA Bill. You will see this is short notice, as we received this in a round-about way, and only just able to confirm the purpose for these webinars.

You may register individually, and also share the webinar in a conference room. There is no cost to these webinars. If you miss these dates, these are being recorded to make available to interested parties at a later date. At this time I am not aware of plans to conduct future live sessions.

Give me a call if you have any questions.
