TO: County Engineers, City Representatives, and Consultants

CC: District Local Systems Engineers, Service Bureau,
and Office of Local Systems

FROM: Office of Local Systems

SUBJECT: Secondary Roads Engineer Job Opening

DATE: June 10, 2010

The Office of Local Systems is seeking qualified applicants for its Secondary Roads Engineer position.

This position performs a wide variety of administrative and advanced professional engineering and planning functions related to local government programs. This position serves as a lead worker and exercises a considerable degree of independent judgment in making decisions. The primary job duties include the following:

- Administers a variety of Federal-aid and State-aid transportation programs for Iowa's 99 counties.
- Provides expert technical and policy guidance to the six District Local Systems Engineers as they assist the counties with development and letting of Federal-aid, State-aid, and Farm-to-Market projects.
- Serves as a liaison to county engineers and associated professional organizations.
- Serves on various Federal, State, and county committees involved with county engineering, roadway design, traffic safety, and program administration.
- Oversees the submittal, review, and approval of the County Five Year Program, County Budgets, and Annual Reports.
- Assists in the development and review of policy and procedure documents provided by the Office of Local Systems for use by local public agencies and Department staff.
- Serves as lead worker for some office personnel.
