Subject: Amended 2010 Budget and Programs
Date: Monday, May 03, 2010 9:05:48 AM

I have noticed that there is a lot of amended 2010 budget and programs in the Prep stage. Some have been that way for some time. Maybe you forgot to hit the submit button. Could you please get them submitted or if you are not going to amend it please remove it so we are not looking for it to come in. With me and LeRoy retiring in June we would like to get them taken care of. We also have the 2011 budget and programs to review also. Thank You!!!!!!!
