SUBJECT: Updated Web-based Training; TCCC Plan Reading Series

DATE: September 20, 2010

The National Highway Institute and the Transportation Curriculum Coordination Council (TCCC) have announced that the following updated training series is available. If you have staff in your organization that would benefit from this training, please forward e-mail as appropriate. For additional information about this free training course, please refer to link and course description below:

https://www.nhi.fhwa.dot.gov/training/course_detail.aspx?num=FHWA-NHI-134108&cat=&key=134108&num=&loc=&sta=%25&typ=&ava=&str=&end=&tit=&lev=&drl=

Updated Web-based Training! TCCC Plan Reading Series

The ability to read plans is essential for anyone involved in highway and/or bridge construction. This training contains modules covering both basic plan reading instructions, as well as in-depth instruction for anyone seeking more information about and/or a review of plan reading.

To streamline registration and enable participants to take some or all of these trainings, we have created a new plan reading series option. When a participant registers for 134108, they will be automatically registered for all 8 modules. The following modules are included in the series:

- Module 1: Highway Plan Reading Basics (134108A)
- Module 2: Grading Plans (134108B)

- Module 3: Traffic Control Plans (134108C)
- Module 4: Erosion and Sediment Control Plans (134108D)
- Module 5: Right of Way Plans (134108E)
- Module 6: County Plans (134108F)
- Module 7: Bridge Plans (134108G)
- Module 8: Culvert Plans (134108H)

If you have questions on this training, please refer to the link above.

Thank you,

M.J. "Charlie" Purcell
