SUBJECT: County Bridge Construction Fund – State FY 2012

DATE: January 19, 2011

If you have any questions, **please do not reply to this email**. Instead, you may contact one of the persons shown below.

This is to inform you that we have selected one bridge (Priority Points = 88) in Cherokee County. This bridge will be funded, in part, from the County Bridge Construction Fund for the State Fiscal year 2012 (July 2011 through June 2012). We have informed the county of their selected bridge and they have accepted the offer of funds for this bridge. Although a number of bridges qualified for this program, the fund's limited resources dictated the selection of only one bridge for FY 2012 program.

This is an annual program which provides two million dollars in state funds for bridge construction in Iowa counties. I would encourage counties, especially those not receiving funds this year, to certainly apply next year for the state fiscal year 2013 (July 2012 through June 2013) program, if any bridge qualifies for it.

A listing of all the counties who applied for the County Bridge Construction Fund for FY2012 is available at the link below. This also shows each county's point totals. Some of the point totals we calculated may be different than what was submitted. This is due to us using the SI&A sheets that are most up to date in SIIMS.
