

PUBLIC NOTICE

The Iowa DOT is requesting public input on the proposed bridge replacement on Iowa 92 over Little Silver Creek, 0.3 mile west of the west junction of Iowa 92 and Pottawattamie County Road L-55.

The proposed project provides for replacing the existing bridge with a prestressed, pretensioned concrete beam bridge that is 193 feet by 44 feet. The new bridge would be constructed using the accelerated bridge construction process that involves building the bridge components off-site. Using this process would require the roadway to be closed for 21 days to remove and replace the existing bridge.

Through traffic on Iowa 92 would be detoured during the bridge removal and replacement process using Pottawattamie County Road L-55, U.S. 6, interstates 80 and 29.

Comments and questions concerning the proposed bridge project should be received by Oct. 29, 2013, and sent to:

Don Stevens, assistant district engineer
Iowa DOT District 4 Office
2210 E. Seventh St., Atlantic, Iowa 50022
Phone: 712-243-3355 or 800-289-4368
Email: donald.stevens@dot.iowa.gov

More information will be posted as it becomes available at the Iowa DOT's website: www.iowadot.gov/ole/otherprojectinfo.html.
