

## I-80 Planning Study

The Iowa Department of Transportation is conducting a planning study of Interstate 80. The study is being developed and released through a series of technical reports that identify the existing condition of I-80, the way the system is performing, short- and long-term issues, and strategies to improve the route. Each report will be accessible online as it becomes available on the Iowa DOT's I-80 Planning Study website: [www.iowadot.gov/interstatestudy](http://www.iowadot.gov/interstatestudy).

Visit the  
I-80 Planning Study  
website to view  
the second online  
public meeting

More information will be posted  
as it becomes available at:  
[www.iowadot.gov/interstatestudy](http://www.iowadot.gov/interstatestudy).

The second online meeting is now available to view on the website. To view the meeting, navigate to <https://iowadot.gov/interstatestudy/public-meetings>, or select the "PUBLIC MEETINGS" tab on the homepage, and then select "Meeting 2." The meeting was recorded allowing persons to view it any time and will be available on the website throughout the duration of the planning study. Three new technical reports have been included on the website, these include:

- Truck Accommodations.
- Diversion Strategy (Evaluation of Viability of Alternate Route Improvements).
- Automated Corridors.
