

May 20, 2015

**ADDENDUM NO. 1
to the
Iowa Department of Transportation
Proposal No. 14047-14053
For
Fuel for 2016 Transport & Tankwagon Locations for All Agencies
Letting Date: May 27, 2015**

Notice To Bidders:

This Addendum is issued to incorporate the following additions, deletions, corrections, and/or clarifications to the terms or specifications and shall hereby be considered a part of the final contract documents. This Addendum shall supersede, modify and/or change all statements to the contrary in the bid proposal and shall take precedence over previous terms or specifications.

CORRECTION:

- All lines listed as Gasoline Gasohol will be a U87E10 product. Please bid accordingly.

CHANGE IN SPECIFICATIONS FOR UNIVERSITY OF IOWA:

- **University of Iowa will use the following requirements on biodiesel additive:**
“Bio Diesel Blend shall be TME (Tallow Methyl Ester) or SME (Soy Methyl Ester) depending on seasonal temperatures. All Bio Diesel Blends shall meet ASTM D6751 Specification.”
(All other Agencies will use the biodiesel requirements stated in the original Supplemental Terms and Specifications.)

CHANGE IN SUPPLEMENTAL TERMS:

- The repeal date of the Iowa Biodiesel Blended Fuel Tax Credit (BBFC) of \$0.045 per gallon that is available to retail dealers of biodiesel blends classified as B5 or higher is January 1, 2018. If this tax credit is not extended, the agencies agree to adjust the pricing margin for the contract based on the material change.
- If the value of the RIN is substantially affected by an outside influence, such as a change in EPA policy or market factors, either the Supplier or state entity can initiate discussions to determine a fair and reasonable adjustment on margin prices. The RIN value as of the letting date will be used as the benchmark to evaluate the magnitude of the change.

ADDITIONAL INFORMATION:

- Attachment with additional information on tank physical addresses, sizes of tanks and if tanks are above/underground has been included.

ADDITIONAL LOCATIONS:

- An additional 4 locations have been added to the proposal #14049 – Fuel for 2016 Tankwagon Iowa State University. Use the attached “Schedule of Prices-Revised” when submitting this bid.

All Bidders must sign and return this Addendum for the bid opportunity referenced above. Failure to do so may subject the Bidder to disqualification. If a bid response has already been submitted, this Addendum shall be signed and emailed or faxed to the Purchasing Section prior to the scheduled Letting Date.
