

Bid Proposal 14860

Statewide Roadway Data Collection Services

Responses to question Set 9

I am writing the schedule of prices for the proposal, and could not do the adjustment between the description of the road and the paragraph itself. List of items in pricing schedule:

- Interstate
- Non interstate NHS
- Rural paved non primary
- Urban paved non primary (major collectors and arterials)
- Urban paved non primary
- Rural paved non primary

In chapter 3.3, list of items is:

- Interstate
- Primary NHS
- Primary non-NHS
- Local Rural
- Local Urban

Can you advise how it comes together?

R:

SCHEDULE OF PRICES LABEL	CHAPTER 3.3 ITEMS LABEL
Interstate	Interstate
Non interstate NHS	Primary NHS
Rural paved non primary	Local Rural
Urban paved non primary (major collectors and arterials)	Local Urban
Urban paved non primary	Local Urban
Rural paved non primary	Local Rural

It looks like there is actually an error in the pricing schedule list, bullet 3 should be "Primary Non NHS" which would make the table look like this:

SCHEDULE OF PRICES LABEL	CHAPTER 3.3 ITEMS LABEL
Interstate	Interstate
Non interstate NHS	Primary NHS
Primary Non NHS	Primary non-NHS
Urban paved non primary (major collectors and	Local Urban

arterials)	
Urban paved non primary	Local Urban
Rural paved non primary	Local Rural
