

# Proposal 15116 Construction project to create a Kiosk for Ankeny Motor Vehicle Division Questions and Responses Set 1

**Q1)** Are we responsible for the voice data wiring and electrical for the kiosk?

**R1)** Electrical, yes, it does show an outlet that will either need to be added or moved on the plan. Voice/Data No, DOT will

**Q2)** Is the new kiosk area to receive carpet? If so is it to be the same carpet as in the lobby area or something different? If different from the lobby area please provide the specifications.

**R2)** No carpet, but linoleum tile, Forbo Dual Tile 630 Onyx

**Q3)** Are we to include painting? The lady at the site was talking about a blue wall. Please specify.

**R3)** Yes, painting to be included. If, so are the walls to match the existing lobby area walls or be a different color. Match existing. DOT will provide and hang backdrop.

**Q4)** There was a Johnson Controls thermostat on the wall to be removed which served the lobby air handling unit. Are we responsible to have this thermostat relocated or will this be taken care of by the onsite facilities personnel? Note: These are only supposed to be moved by Johnson Controls personnel.

**R4)** DOT will move the thermostat

**Q5)** There was a plaque sign and a telephone on the wall that is to be removed. Do these items get relocated or removed? Please specify if we are responsible to remove/relocate these items or if they will be moved by your personnel.

**R5)** DOT to move the signs and telephone.

**Q6)** The reflected ceiling plan shows an acoustical ceiling in the new kiosk area. Does the kiosk area require a gypsum board ceiling above the acoustical ceiling to maintain the corridor fire rating? There are no details shown for this. Please verify. **See addendum 3**

**R6)** Yes, please put drywall ceiling above drop ceiling to maintain separation.

**Q7)** Are there to be any ceiling lights in the kiosk area? **DOT electrician can put in light if needed.**

**R7)** DOT electrician can put in light if needed.

**Q8)** Is a sprinkler head required in the kiosk area since the bulkhead will be at 8'-0"? **See Addendum 3**

**R8)** Please plan on it, but I will check with the building bureau.

**Q9)** Are we responsible to remove the cube furniture desk in the office area?

**R9)** No, DOT will move furniture inside office.
