## Advance Notice to Contractors:

The Iowa Department of Transportation will receive sealed proposals in the Office of Procurement and Distribution, 800 Lincoln Way, Ames, Iowa 50010 until 1:00 P.M. on **July 22, 2009** Proposal No.: **LT00722** for the following:

### Automated Deicer Blending System

#### Scope of Work:

This project is for Contractor to provide all materials, labor, and equipment necessary for the design and build of an Automated Deicer Blending System for use at the Mt Pleasant Maintenance Garage, located at 906 E. Harvest Drive, Mount Pleasant, IA 52641 according to specifications. The purpose of this project is to design and build an automated deicer blending system for use at the Mt. Pleasant, Iowa Department of Transportation maintenance garage to support winter snow and ice removal operations. The goal of the blending system is to allow users the ability to make custom blends of different liquid deicing products with one system. The Department also desires the system to have the ability to recycle water used to wash snowplow trucks after winter storms. The consultant/contractor will be responsible for the overall design of the system, provide the required system components and install the entire system.

**Total Project Estimate:** \$50,000.00

**Proposal Guaranty:** \$2,500.00

**Contractor Prebid Conference:** July 14, 2009 at 11:00 A.M. at Mount Pleasant Maintenance Garage located at 2906 E. Harvest Drive, Mount Pleasant, IA 50641. The meeting will be held in the break room located on the second floor accessible by either stairs or elevator.

**Bids Due:** July 22, 2009

**Start Date:** August 17, 2009

**Completion Date:** October 15, 2009

**Performance Bond:** One hundred percent (100%) of the bid.

#### Payments:

Monthly contractors' statement equivalent to ninety-five percent (95%) of the statement value of the work completed during the preceding calendar month. Final five percent (5%) will be paid within 30 days after the final acceptance by the Iowa DOT.
