

Human Factors and Road Safety Workshop, Ames, IA (Nov 5, 2009)

Tabulation of Votes by Participants

No.	Breakout Session Title	Research Topic	Votes
1	Commercial Drivers	Drive cameras in commercial driver in commercial vehicles	71
2	Young Drivers	Ban on texting with wireless communication device	47
3	Impaired Driving	Study of ignition interlock devices do to follow up of systems and number of failures	42
4	Older Drivers	Explore cognitive assessment in a licensing setting	42
5	Commercial Drivers	Evaluate a graduate license level system to new commercial drivers	41
6	Impaired Driving	Develop and implement social campaigns for distracted driving	39
7	Young Drivers	All position seat belts required-primary law	36
8	Impaired Driving	Study of reducing high risk behavior (self BAC machines, safe ride, rest area effective)	33
9	Commercial Drivers	Health and wellness of driver down time activities, timing of break and coming back from them	32
10	Impaired Driving	Better linkage of data	30
11	Older Drivers	Car cameras in older person cars	28
12	ITS	When does an informed driver become a distracted driver	27
13	Impaired Driving	What is the incidence of cell phone use in crashes (check usage records)	25
14	ITS	Formal program to evaluate high crash intersections and record video of crashes and evaluate	23
15	Older Drivers	Assess aging CDL for motor home and school bus-transit	22
16	Young Drivers	Standard driver education program	22
17	ITS	What is the best way to minimize automated complacency and loss of perishable skills	21
18	Young Drivers	Passenger limits within first 6 months	19
19	Judgment & Decision Making	Effectiveness of different countermeasures on speed	17
20	Impaired Driving	Increase testing for prescription drugs (testing, personal responsibility, investigations)	16
21	Judgment & Decision Making	Relationship between red light running and time of crashes	16
22	Older Drivers	Driver guidance needs on highways	15
23	Impaired Driving	Does the lack of mandatory BAC testing in Iowa result in underreporting of alcohol-related crashes	14
24	ITS	Researching benefits of in vehicle warning systems vs. infrastructure warnings	14
25	Judgment & Decision Making	Culture factors on seatbelt use	14
