King Gee-Demonstration Project Manager
16. Abstract
This Implementation Package summarizes the result of an effort to develop a more
durable traffic marking material-Epoxy Thermoplastic (ETP). The report includes background information on the development of ETP, a discussion of the field tests and evaluations, the material composition and equipment modifications for applying ETP. The package also includes material specifications for purchasing ETP and specifications for the application of ETP by contract.
17. Key Words 18. Distribution Statement
Epoxy Thermoplastic, Traffic Markings, Striping Equipment No restriction. Available to the public through the National Technical Information
Service, Springfield, Virginia 22161.
