The intent of this specification is to provide for the Department to comply with Iowa Code 314.14 by providing contracts where only small businesses compete against each other, and not against large established contractors. To compete for these contracts the firm shall meet House File 2460 requirements for a small business, but need not be a Targeted Small Business.

Small Business Certification – A document completed by a small business and submitted to the Iowa DOT's Office of Contracts certifying the firm complies with the size requirements of the House File 2460 Iowa Code 314.14 Small Business requirements. TSB Bond Waiver – Iowa Code 12.44 requires agencies of state government to waive the requirement of satisfaction, performance, surety, or bid bonds for targeted small businesses which are able to demonstrate the inability of securing such a bond because of a lack of experience, lack of net worth, or lack of capital. This waiver will not apply to businesses with a record of repeated failure of substantial performance or material breach of contract in prior circumstances. The waiver will only be applied to a project or individual transaction amounting to fifty thousand dollars or less, notwithstanding Iowa Code section 573.2. In order to qualify, the TSB shall provide written evidence to the Department of inspections and appeals that the bond would otherwise be denied the business. The granting of the waiver will in no way relieve the business from its contractual obligations and will not preclude the Department from pursuing any remedies under law upon default or breach of contract. The Department of inspections and

appeals will certify TSBs for eligibility and participation in this program and will make this information available to other state agencies.

Targeted Small Business (TSB) – Iowa Code 15.102 paragraph 7a defines a "Targeted small business" as a small business which is 51% or more owned, operated, and actively managed by one or more women, minority persons, or persons with a disability.
