## Overview

BNSF is among the largest railroads in the United States today with operating mileage totaling more than 32,000 miles covering 28 states and two Canadian provinces. BNSF covers the western two-thirds of the United States from major Pacific Northwest and California ports to the Midwest, Southeast, and Southwest; and from Canada to Mexico. The railroad operates 631 miles of track in Iowa, which runs from Burlington to Glenwood. Operations are on mainline tracks in the east, south, and west parts of the state as well as several branch lines (see map).
