A Goal We Can All Live With

## 2021 Iowa Traffic Fatality Count for Friday, 04/09/2021

A fatality is considered "crash-related" when death occurs within 30 days (720 hours) of a crash. Because fatal crashes can involve complex investigations, this can delay the official report of fatalities. The numbers for the most recent months are preliminary and can change considerably.

### Number of fatalities reported on **this** day by year

2021	56	Comparison to previous 5 years (2016-2020)
