

PUBLIC NOTICE

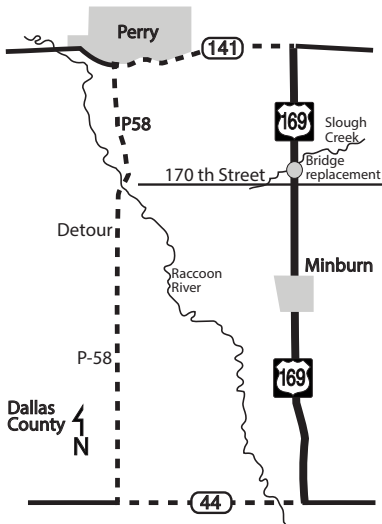

The Iowa DOT is requesting public input on the proposed bridge replacement on U.S. 169 over a tributary to Slough Creek, 2.9 miles south of Iowa 141 in Dallas County.

The proposed project provides for replacing the bridge with a reinforced box culvert, raising the vertical alignment to improve sight distance, reconstructing approximately 875 feet of pavement, and constructing a ditch on the southeast quadrant to provide drainage and snow drifting benefits.

Through traffic on U.S. 169 would be detoured using Iowa 44, Dallas County Road P-58 and Iowa 141. (See map at right.)

The Iowa DOT is soliciting your comments concerning the proposed bridge replacement project. Please direct your comments and questions by April 18, 2013, to:

Don Stevens, assistant district engineer
Iowa DOT District 4 Office
2210 E. Seventh St., Atlantic, IA 50022
Phone: 712-243-3355 or 800-289-4368
Email: donald.stevens@dot.iowa.gov

More information will be posted as it becomes available at the Iowa DOT's website: www.iowadot.gov/pim.
